

## Walkin' the Streets

Keith Harleson

walkin' on this ol' road seems to get old  
Sometimes just tryin' to get from one place to another  
just won't ease my mind  
tryin' to get from my house down to the school  
just ain't what it seems to be  
but walkin' the streets of this old town  
is just killin' me  
I ain't tryin' to be cruel  
but I been doin' this for so long  
from my house to the school was just hurtin' me  
I'd like to go down this road  
but it ain't what it seems to be  
just walkin' the streets of this old town  
is getting the best of me  
I'd like to be getting someplace  
Somehow I wish I could have somethin' to drive  
so I can get my way through town  
my driver license is going to waste  
as it's plain to see  
But walkin' the streets of this old town  
is just killin' me  
I said walkin' the streets of this old town  
is just killin' me
